

9/11 WHITEFISH 9/11 MEMORIAL

The Whitefish Firefighters Association has three historic pieces of steel recovered from the World Trade Center. Our first responders are constructing a 9/11 Memorial in Whitefish to honor the 2,977 lives lost on September 11, 2001. This will be the only 9/11 Memorial in northwest Montana with authenticated Twin Tower artifacts. Your donation to the Whitefish 9/11 Memorial is tax-deductible and will provide our community with a landmark to remember our friends and family members along with the 343 firefighters, 72 police officers, and eight EMTs who made the ultimate sacrifice on September 11, 2001.
